

PROGRAM

May 28th, 2026

07:45
-
09:00

Welcome for participants

09:00
-
09:10

Opening of the Congress

Opening session

Auditorium

Moderator(s) : Nicolas GEORGIEU, Olivier GALATOIRE

09:00

Opening Speech

Nicolas GEORGIEU, Olivier GALATOIRE

09:10
-
10:50

Artificial Intelligence session

Plenary

Auditorium

Moderator(s) : Emmanuel ELARD, Sébastien GARSON, Nicolas GEORGIEU, Raphaël SINNA, Vincent CASOLI

09:10

Poll results

Xavier LATOUCHE

09:18

Evaluation of ChatGPT and Gemini's responses to common patient questions about breast augmentation

Pharel NJESSI

09:26

The Augmented Law Firm: How AI is becoming a competitive advantage for law firms

Emmanuel ELARD

09:34

Artificial Intelligence and body dysmorphic disorder: clinical and ethical issues in cosmetic surgery

Jérôme MONNIER

09:42

Agent-based artificial intelligence in the private practice of plastic surgery: the experience of a sovereign autonomous agent

Antoine JULIENNE

09:50

From generative AI to agent based AI: understanding new forms of Artificial Intelligence

Hugo DESPERT

09:58

The augmented surgeon: toward a new era of surgical practice in the age of Artificial Intelligence

Hugo DESPERT

10:06

Artificial Intelligence: angel or demon?

Sébastien GARSON

10:14

Medical aesthetics in the age of AI: clinical insights and practical implications for the patient journey

Laurent BENADIBA

10:22

AI and plastic surgery: A defense of mediocrity

Raphaël SINNA

10:30

The insurer's point of view

Philippe AUZIMOUR

10:38

Présentation Sibus/AI : From blind injection to ultrasonic guidance with the help of AI
Benjamin ASCHER

10:50
-
11:00

News about the clitoris

Plenary

Auditorium

Moderator(s) : Sylvie ABRAHAM

10:50

News about the clitoris
Sylvie ABRAHAM

11:00
-
11:30

Break & tour of the exhibition

11:00
-
11:30

Regional delegates meetings

Side meeting

Salle Vague 3

Moderator(s) : Jean-Christophe ROSE

11:00

Regional delegates meetings
Jean-Christophe ROSE

11:30
-
13:00

Session 1: neck and facial lifts: challenging necks

Plenary

Auditorium

Moderator(s) : Jean-Luc JAUFFRET, Eric PLOT, Michel ROUIF

11:30

Survey on surgeons' operating room habits: questions posed to the operating room via the conference app

..

11:40

Dual-Plane Deep Reduction Neck Lift

Francisco BRAVO

11:50

The digastric corset: indications and how I perform the procedure

Daniel LABBÉ

12:00

Submandibular gland management in Neck lift

Steven COHEN

12:10

MIMMS technique for a perfect neck

Brannon CLAYTOR

12:20

Deep plane facelift: above or below the platysma? anterior submental approach or not?

Hervé RASPALDO

12:30

The role of radiofrequency in cervicofacial facelift surgery

Carine BLANC

12:40

Roundtable discussion on challenging clinical cases (with INMODE)

..

“Silhouette” session

Plenary

Rhune 1

11:30

Minimally invasive breast augmentation

Rami SELINGER

11:38

Scarless breast lift: myth or reality ?

William WATFA

11:46

INMODE Sponsored Communication – Medico-surgical body contouring with HD lipo – ‘IgniteRF: safety and optimization in body surgical procedures’

Jonathan FERNANDEZ

11:56

The 3R Protocol: optimizing safety and aesthetic results

Alexandre CHARAO

12:04

Subcutaneous radiofrequency: 7 years of clinical experience in the treatment of skin laxity: benefits, risks, and complications

Laurent BENABIDA

12:12

"The infinite navel" and some thoughts on abdominoplasty

Rami SELINGER

12:20

From forgotten tool to core asset: repositioning the diode laser in aesthetic surgery

Julien NIDDAM

12:28

MIA® breast harmonization: the new breast augmentation for everyone?

William WATFA

12:36

Tips, tricks, and future prospects in post-bariatric breast surgery

Abigaëlle VERGNET

12:44

Discussion

13:00

14:00

Lunch & tour of the exhibition

Young plastic surgeons' cocktail - SOFCEP Lounge Area

Salle Vague 2 - Espace Lounge

14:00

15:30

Cervico-facial rejuvenation session – related technique

Plenary

Auditorium

Moderator(s) : Ali MOJALLAL, Bérengère CHIGNON-SICARD

14:00

Decision-making in browlift technique selection

Francisco BRAVO

14:08

Facelifts, eyebrow lifts, minimally invasive or extensive techniques

Catherine BERGERET GALLEY

14:16

Sponsored Content by Allergan Aesthetics : " The Legacy and Future of Botulinum Toxin "

Laurence BENOUAICHE

14:26

Photobiomodulation in Facial Cosmetic Surgery: Postoperative Efficacy and Safety, a Systematic Review

Haizam OUBARI

14:34

CFLs after medical treatment

Michel ROUIF

14:42

MiNa (laser, Microneedling et nanofat) to improve the perioral area

Brannon CLAYTOR

14:50

Philtrum Accentuating Upper Lip Lift

Francisco BRAVO

14:58

Structural rejuvenation combining facial volume restoration and skin tightening using a fiber laser

Pierre NGUYEN, Julien NIDDAM, William WATFA

15:06

Facial lipofilling: AI- and ultrasound-assisted facial fat grafting

Steven COHEN

15:14

Discussion

Tummy tuck session: “From the mini tummy tuck to the circular tummy tuck: key points and technical refinements”

Plenary

Rhune 1

Moderator(s) : Vlad NEGULESCU, Eric PLOT

14:00

Abdominoplasty with diastasis: standardized plication reinforced with mesh sutures (DURAMESH™) to distribute tension and stabilize the midline

Julien NIDDAM

14:10

Trunk contouring one go

Abdulshaheed FADHUL ALI

14:20

From abdominoplasty to cosmetic abdominoplasty: 30 years of experience

Eric PLOT

14:30

The role of abdominoplasty in combined procedures such as the mummy makeove

Michel ROUIF

14:40

Refinements in drainless abdominoplasty

Jamil AHMAD

14:50

Anesthesia, management, and limitations of major abdominoplasties

David SAMARCQ

15:00

High-definition total body contouring: a combination of ultrasonic liposuction, Argoplasma technology, and a trans-cesarean approach

Alexandre CHARAO

15:10

Discussion

BRANCHET session - “The importance of appropriate behavior during the perioperative period to prevent risks” - CME Training

Plenary

Rhune 2

14:00

BRANCHET Session - “The importance of appropriate behavior during the perioperative period to prevent risks”

Pierre ALBALADEJO, Julien PICARD

15:30

16:00

Break & tour of the exhibition

16:00

17:00

Panel Discussion – Minimally Invasive Breast Surgery

Plenary

Auditorium

Moderator(s) : Frédéric GERMAIN, Jean-Christophe ROSE

16:00

Learn about the clinic’s practices regarding minimally invasive breast augmentation - Clinic Survey

..

16:08

My experience with MIA®

Alexandre PRUDHOMME

16:16

breast augmentation under local anesthesia: my 15 years of experience

Yann GRANGIER

16:24

Preservé® Technique

Claire BAPTISTA

16:32

Minimally invasive surgery: marketing trend or genuine innovation?

Jean-Luc JAUFFRET

16:40

Roundtable discussion featuring Motiva Laboratory

Session 2: Neck and facial lifts

Plenary

Rhune 1

16:00

Deep-plane neck and facelift with midface correction: myth or reality?

Armand PARANQUE

16:08

Advances in facelift techniques: preservation facelift using a rotation flap

Alexandre LELLOUCH

16:16

Facial asymmetry: morphological and comparative analysis in patients and on human skulls

Marc DIVARIS

16:24

The French lift: comprehensive treatment of anterior facial aging through vertical repositioning of the fat pad - 1,100 patients, 10 years of follow-up

Vincent HUNSINGER

16:32

3D Neck Lift: A Dynamic Approach to Submental Anatomy

Marc DIVARIS

16:40

Is it still worth focusing so much on the neck?

Jean-Charles BAYOL

16:48

Discussion

17:00

17:30

PITCH Industry Session - What's New in the Industry

Plenary

Auditorium

17:00

BD Pitch - Galaflex and P4HB: A new approach to breast support

Julien NIDDAM

17:08

Solta Pitch - VASER® is redefining the standards of liposuction

Georges KHABBAZIAN

17:16

Seriderm Pitch - How will Sofwave fit into a surgeon's toolkit in 2026?

Frédéric LANGE

Alternative techniques to a neck and facelift

Plenary

Rhune 1

Moderator(s) : Armand AZENCOT, Marion DELBAERE

17:00

Neck lift using permanent threads: how long does it last?

Marion DELBAERE

17:08

Non-incisional neck and face lift with SMAS suspension using permanent tension threads

Bernard CORNETTE DE SAINT CYR

17:16

Thread lift: a minimally invasive technique to incorporate into your practice

Armand AZENCOT

17:24

Permanent tension threads: toward broader use

Jean-Paul FOUMENTEZE

17:32

Discussion

--

17:45

Full-face CO2 ablative laser treatment: an alternative or a complement to a facelift?

Marc FLEISCHMANN

17:53

PhénoI Peel

Guillaume DROSSARD

18:01

“What if fat could replace fillers: the new youth fountain!”

Thierry VAN HEMELRYCK

18:09

The role of the internet in facial cosmetic surgery. A zone-by-zone overview

Ali MOJALLAL

18:17

Discussion

..

17:30

19:00

Breast Lift Session: Implants

Plenary

Auditorium

Moderator(s) : Nicolas GOUNOT, Florence LEJEUNE

17:30

Prevention and Treatment of Prosthesis Malposition

Jean-Luc JAUFFRET

17:38

Pre and post-operative imaging assessment for cosmetic breast surgery

Stéphane DE MORTILLET

17:46

**Sponsored Content by GC Aesthetics : ADORA : A novel microtextured implant:
Experiences, technics and patient selection**

Adriano SANTORELLI

17:56

Breast lifts for post-weight-loss scarring

Emmanuel DELAY

18:04

Breast lift and closedloop lipofilling

Dénia ROSTANE-RENOUARD

18:12

Follow-up of secondary cases following unsatisfactory results from breast lift surgery with implants

Emmanuel DELAY

18:20

A retrospective study on aesthetic breast implant replacement throughout the life of the patient and surgeon important aspects

Dana JIANU

18:28

Breast Lift with Implants: Indications and Technical Considerations

Stéphane DE MORTILLET

18:36

Discussion

20:00

-

00:00

Faculty Dinner - Hôtel Talaia, Rooftop

May 29th, 2026

07:30

-

08:30

Welcome for participants

08:00

-

09:30

Latest trends in injectables & fillers

Plenary

Auditorium

Moderator(s) : Véronique GASSIA, Virginie KNAEBEL

08:00

Combination treatments (AH / Inducers / PDN)

Véronique GASSIA

08:10

Sponsored Content by Allergan Aesthetics | Facial aging and loss of anchorage: The role of hyaluronic acids in a structural approach

Françoise BOISMAL

08:20

Collagen Inducers: Comparative Analysis (HACA / PLLA, Liquid PDO)

Virginie KNAEBEL

08:30

Skin regeneration: a new generation of polynucleotide injectables

Martine BASPEYRAS

08:40

Fillers and skin quality: When, why, and which ones?

Marie-Noëlle ASSOUÈRE

08:50

Sponsored Content by Vivacy | Stylage XXL in profileplasty

Jaafar MEZIANE

09:00

Shape & Shade

Marco CERRANO

09:10

Discussion

08:30

-
10:00

“Please have the insured come in” | Branchet

Industry Symposium

Rhune 1

Moderator(s) : Michel ROUIF, André LIENHART, Thông N’GUYEN, Bernard CASTAN, Pierre Henri LEBRUN, Eva BAUERSACHS

08:30

Roundtable discussion on medical expertise regarding a case of complications from a facial injection

Michel ROUIF, André LIENHART, Thông N’GUYEN, Eva BAUERSACHS, Bernard CASTAN, Pierre Henri LEBRUN

08:30

-
09:30

Café croissant débat avec un chirurgien plasticien

Plenary

Rhune 2

Moderator(s) : Vlad NEGULESCU, Dénia ROSTANE-RENOUARD

08:30

Questions/réponses autour de l'organisation du cabinet (avec petit-déjeuner offert)

Dénia ROSTANE-RENOUARD, Vlad NEGULESCU

09:00

10:30

MERZ Workshop

Workshop

Salle Vague 4

09:00

Botulinum toxin: Are standard treatment protocols outdated?

Daniel LABBÉ - CHIRURGIEN PLASTICIEN, CAEN, Caen, Benoît POTIER - CHIRURGIEN PLASTICIEN, CHOLET, Cholet

09:45

Why I decided to incorporate HIFU technology into my practice as a plastic surgeon

Aurélie DANIN - CHIRURGIEN PLASTICIEN, COUTANCES

09:30

10:30

Combining laser treatments with other technologies

Plenary

Auditorium

Moderator(s) : Serge DAHAN, Aurélie FABIE BOULARD

09:30

Skin aging, the role of laser and EBD technologies. Treatment and prevention

Serge DAHAN

09:40

Scars, treatment, and prevention

Thierry FUSADE

09:50

Combined aesthetic and laser techniques (lasers, EBD, AH, toxins, etc.)

Véronique GASSIA

10:00

Depigmenting peels

Martine BASPEYRAS

10:10

Optimizing regenerative surgery using EBDs

Aurélie FABIÉ-BOULARD

10:20

Discussion

Les injections esthétiques de la face

Plenary

Rhune 2

Moderator(s) : Vlad NEGULESCU, Christèle VASSEUR

09:30

Dossier du patient. Documents obligatoires, Consentement éclairé, Devis, Fiche SOFCPRE

Christèle VASSEUR

09:30

Conseils au patient avant et après injection. Traçabilité obligatoire des produits pour les membres Sofcep(dossier patient, carnet d'injection)

Christèle VASSEUR

09:30

Éthique et déontologie du Chirurgien membre SOFCEP. Informer · Conseiller · Refuser. Trois piliers d'une pratique responsable au service du patient

Adel LOUAFI, Vlad NEGULESCU

09:30

Fake injectors, quand l'actualité devient tragique

Adel LOUAFI, Vlad NEGULESCU
